

BURLWOOD

TruGreen
Fusion Bamboo

GREENWOOD PRODUCTS COMPANY

WHAT IS IT?

TruGreen Fusion Bamboo Burlwood is 100% MOSO Bamboo that is crushed, then twisted, and finally infused with a dense VOC-free resin. The product is then cold pressed for optimum stability. MOSO Bamboo is the highest quality bamboo available for flooring. Greenwood MOSO Bamboo is harvested from the exclusive Anji Mountain Region of China and carefully selected at the peak of maturity between 5 to 6 years. The core of this product is Greenwood's unique TruGreen Advantage core. This core is 100% engineered MOSO bamboo in a cross-fillet format with special "thread" that intertwines each individual fillet. This "thread" allows for slight expansion and contraction in the core as well as increased precision in the manufacturing process. Overall, the TruGreen core construction provides the most stable platform on the market while still maintaining its status as 100% Rapidly Renewable Resource.

PRODUCT SPECS

THICKNESS 1/2"
WIDTH..... 4 7/8 "
LENGTH 72"
WEAR LAYER 4.0mm
EDGE..... Micro Bevel
CORE..... TruGreen Engineered Bamboo Core

FINISH

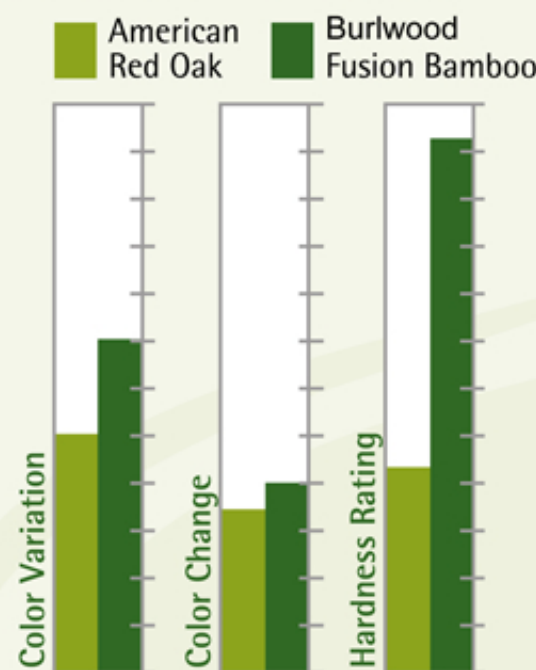

Klump Miraphen Aluminum Oxide with Scratch Resistant Top Coat

INSTALLATION

Mighty-Easy, Glue, Float, or Staple / Nail

* Mighty- Easy Installation Solutions only

COLOR VARIATION

Burlwood Fusion Bamboo features moderate color variation

GRAIN VARIATION

Burlwood Fusion Bamboo features moderate yet a unique grain variation

COLOR CHANGE

Burlwood Fusion Bamboo will experience slight color change as the darker coffee colors become lighter with time

HARDNESS

3270 PSI

WARRANTY

Lifetime Structural
30 Year Residential Finish
5 Year Commercial Finish

ENVIRONMENTAL INFORMATION

LEED® CREDITS

MR 6: Rapidly Renewable Materials

GreenWood Fusion Bamboo products qualify as MR6 (Rapidly Renewable Materials) as they are made with 100% MOSO bamboo, a rapidly renewable resource.

EQ 4.4: Low-Emitting Materials

GreenWood Fusion Bamboo products are manufactured with LEED EQ 4.4-compliant adhesive.

ENVIRONMENTAL IMPACT

Adhesives used in manufacturing of GreenWood products have Zero Added Urea Formaldehyde and comply with standards set by U.S. OSHA, European E0 and CARB (California Air Resource Board) Phase 1 & 2. GreenWood Fusion Bamboo products also feature high quality VOC-free resins and finishes.
